**24&25
APRIL**

INTERNATIONAL CONSENSUS CONFERENCE ON PATIENT BLOOD MANAGEMENT

Patient Blood Management (PBM) aims to optimise the care of patients who might need a blood transfusion. Now for the first time, over 50 expert panellists, speakers and scientific committee members are involved from all over the world and they will with the audience assess the scientific evidence in an open Consensus Conference using the GRADE Approach. The scientific evidence is provided by the Centre for Evidence Based Practice of the Belgian Red Cross and they have screened approximately 18.000 titles and abstracts and included 142 studies within the 3 PBM topics of interest: I) Preoperative Anaemia, II) Red Blood Cell transfusion triggers and III) Implementation of PBM.

JOIN THE CONSENSUS

To join this unique meeting, please visit the conference website at www.icc-pbm.eu or register **here**. More information on the Consensus Conference method, the participants and the practicalities can be found there. All the delegates will get access to the evidence summaries prior and during the event and they will be able to input on the recommendations during the conference.

ORGANISERS

Besides the rigorous scientific process, this conference is unique due to its international collaboration: the consortium of organisers spans European, American, Canadian and Australian organisations in the field of blood transfusion, all willing to contribute to furthering patient blood management.

SEE PROGRAM →

PROGRAMME TUESDAY 24 APRIL

09.30 OPENING by Prof. Erhard Seifried

Chairs: Prof. Reinhard Burger (former President Robert Koch Institute) | Prof. Klaus Cichucek (Paul Ehrlich Institute President)

→ Consensus Method and GRADE Approach

Presenter: Hans Van Remoortel, Centre for Evidence Based Practice of the Belgian Red Cross

11.00 THREE PARALLEL SESSIONS, PART 1

14.00 THREE PARALLEL SESSIONS, PART 2

16.00 CONFERENCE RECEPTION

PROGRAMME WEDNESDAY 25 APRIL

09.30 OPENING REMARKS

Chairs: Prof. Reinhard Burger (former President Robert Koch Institute) | Prof. Klaus Cichucek (Paul Ehrlich Institute President)

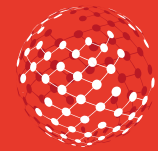

09.45 DISCUSSION AND RECOMMENDATIONS

SESSION I – DIAGNOSIS AND TREATMENT OF PREOPERATIVE ANAEMIA

SESSION II – RBC TRANSFUSION TRIGGERS

SESSION III – IMPLEMENTATION OF PBM

15.00 CLOSING REMARKS

INTERNATIONAL
CONSENSUS CONFERENCE
ICC-PBM
FRANKFURT
2018

THREE PARALLEL SESSIONS PART 1

SESSION I – DIAGNOSIS AND TREATMENT OF PREOPERATIVE ANEMIA

→ Definition and diagnosis of Preoperative anaemia

Presenter: Dr. Katherine Frey

Chairs: Prof. Yves Ozier | Prof. Emmy de Buck

SESSION II – RBC TRANSFUSION TRIGGERS

→ Updated Cochrane review on RBC triggers

Presenter: Prof. Jeffrey Carson

→ Intensive care and acute interventions

Presenter: Prof. Jerrold Levy | Prof. Cécile Aubron

Chairs: Prof. Reinhard Burger | Prof. Jimmy Volmink

SESSION III – IMPLEMENTATION OF PBM

→ PBM Implementation

Presenter: Prof. Mike Murphy

Chairs: Prof. Jonathan Waters | Prof. Dean Fergusson

THREE PARALLEL SESSIONS PART 2

SESSION I – DIAGNOSIS AND TREATMENT OF PREOPERATIVE ANAEMIA

→ Treatment of Preoperative Anaemia

Presenter: Dr. Katerina Pavenski

Chairs: Prof. Yves Ozier | Prof. Emmy de Buck

SESSION II – RBC TRANSFUSION TRIGGERS

→ Haematology and Oncology

Presenter: Dr. Richard Gammon

→ Neurology

Presenter: Dr. Cynthia So-Osman

Chairs: Prof. Reinhard Burger | Prof. Jimmy Volmink

SESSION III – IMPLEMENTATION OF PBM

→ PBM Implementation

Presenter: Prof. Mike Murphy

Chairs: Prof. Jonathan Waters | Prof. Dean Fergusson
